Ask a friend: If a book was written about you in the future, what do you hope it would say?

? Riddle: *Why didn't the skeleton cross the road?*

Ask a friend: What feels better, staying mad at a friend or solving the problem?

Today's Game

Ask a friend to play this game or make up your own game together:

IT COULD BE WORSE The starting player says something very mild, such as "I almost overslept." The next player says something, such as "It could've been worse. You could've been late." Then the next, or other, says something worse, such as, "It could've been even worse than that. You could've been in your underwear." And then the next person tries to find something worse than that. And the game continues until everyone has a chance to contribute (or it gets to be too much). Take turns.
